

Connect and Control All Your Boilers with One App

Works with the Watts® OnSite
Mobile and Web App

Smart Boiler Control 294

Manage multiple buildings, each with up to 16 boilers, with the tekmar Smart Boiler Control 294. Remotely adjust boiler settings and view real-time boiler operations with mirrored controls on Watts OnSite web and mobile app.

tekmar Smart Boiler Control 294 can be retroactively fit to any brand of boiler, old and new, and will send system alerts via text, email, and push notifications to help maintain boiler efficiency, operability and performance.

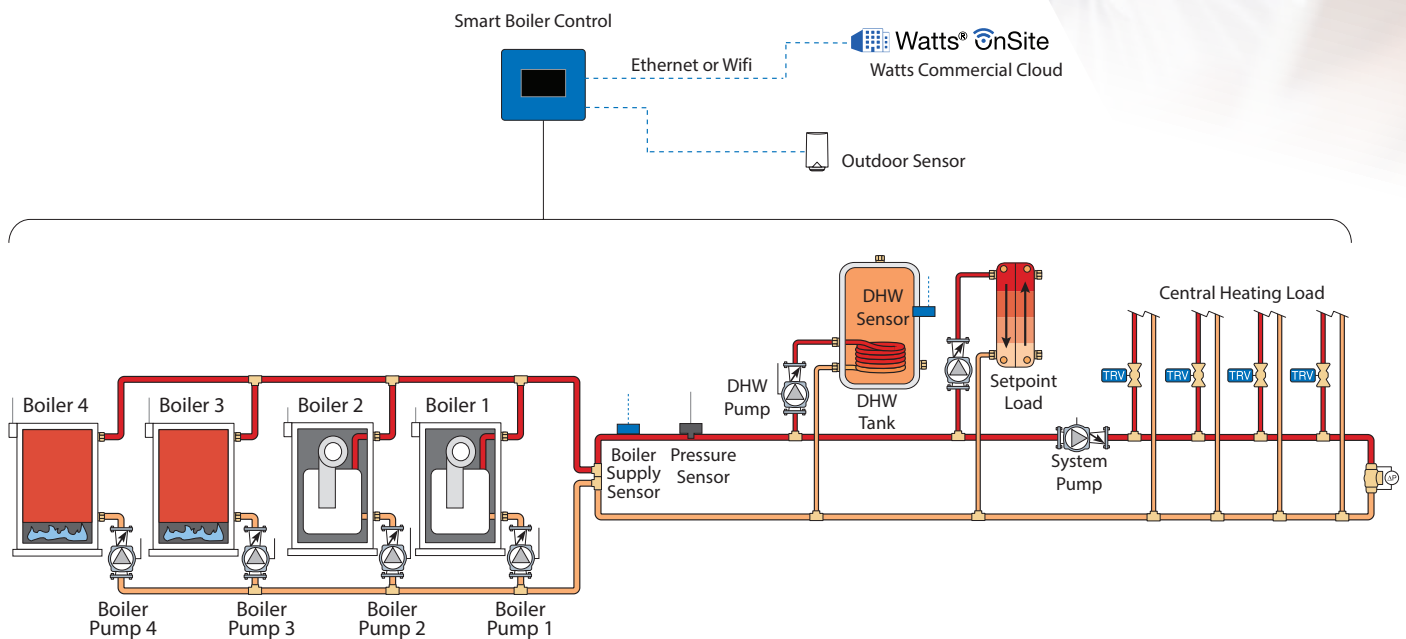

Enjoy Peace of Mind with Real-Time Alerts

Key Benefits:

- Single solution for new construction and retrofits
- Remote, real-time access to control one, or fleet of buildings
- Save on maintenance and operational expenses, labor costs, and repairs
- Instant alerts via phone, text, or email
- Works with any brand of boiler
- Expandable to 16 boilers
- 5" color touchscreen with setup wizard
